

ENVIRONMENTAL POLICY

Our policy is to protect our environment by minimising the environmental impact of our activities.

We will:

- Observe statutory requirements which protect the environment;
- Minimise the environmental impact of our designs;
- Keep abreast of developing technologies which aim to protect and remedy adverse effects on the environment;
- Promote energy efficiency and conservation of resources;
- Promote environmental awareness amongst our personnel.

The responsibility for application of this policy rests with us all.

T McCarthy

General Manager
